

## WHO WE ARE AND WHAT WE DO?

'Steelrays' was founded in 1978 by an enthusiastic entrepreneur Mr. Surendra Kanjani. He revolutionized the concept of playground equipment in India. Gone were those clumsy, accident-prone, wooden and steel see-saws, slides, and swings that were replaced by classy, durable, plastic, and rubber playground equipment by 'Steelrays'. The safety of the children in the playground was the optimum goal Surendra needed to achieve and 'Steelrays' continued to build playground equipment with safety in mind. The corroding steel rods were replaced by non-corroding steel and the wood was replaced by hard plastic and frp or powder-coated steel. The colours, 'Steelrays' flags off are always vibrant and appealing to children of all ages. As the Company grew, 'Steelrays' diversified into various subcategories of sports equipment such as sports flooring, open gym, and rubber flooring. Sports flooring has vast opportunities to play on and 'Steelrays' is one of the best installers of various types of the sports flooring. All the playground and sports equipment from 'Steelrays' are produced keeping the durability of products and safety of players in mind. At the time of our inception, the concept of playfield activities was at the nascent stage. We began our venture with swings and over the years developed more than 1000 varieties of products in different categories, sizes, finishes and is sufficing the needs of institutions, builders, gymnasiums, corporate, and hospitality sectors pan India. Most of the municipal gardens have installed our equipment sets in their playground.

## **SPORTS FLOORING**

Sports flooring is an essential part of a sports program at all levels. Whether one is playing at the international level or the school level competition, sports flooring is now mandatory. Our custom-made sports flooring is designed to absorb shocks and it ensures resistance to potential slips or slides. Before being laid at the destined field, our sports flooring goes through rigorous testing to meet international standards and guarantee unmatched quality.

'Steelrays' sports flooring exceeds in optimum performance and safety for outdoor as well as indoor sports activities. Be it a Yoga room or gymnasium, badminton or a multi-sports facility, basketball or table tennis, 'Steelrays' sports flooring presents highly advanced safety features that deliver excellent traction and support for feet. Our sports floors are made of environmentally friendly material and are very hygienic. They can withstand any weather conditions. They are easy to clean and are longer lasting. Various design, colour, and shape options are available to suit your taste or corporate identity. And above all, we offer our sports flooring at a very reasonable price without compromising quality. 'Steelrays' flooring is best designed to withstand harsh weather conditions. They are custom built to sizes as per the requirement of the sport.

## **PLAYGROUND EQUIPMENT**

Our playground equipment is conceived and designed with only one aim in mind: A SMILE ON CHILDREN'S FACES. Yes, that is the certificate for our R&D behind playground equipment. Be it swing or see-saw or slide, we do not leave any "pinch-points" that can snag any loose clothing or fingers.

When kids climb up our ladders and jet down our slides, they experience a world of freedom, imagination, and most of all fun! Our ultimate success is measured in the smiles and laughter that fill our playgrounds. Come play with us. The materials that we use are child friendly, vibrant coloured, and safe for children. Our design begins with a child's imagination of having unlimited fun with the playground equipment. Children have become very demanding and a simple swing or see-saw does not suffice their playing needs. Hence we have developed a lot many playground equipment that stand the test of time and liking of the kids. We have innovative slides made of different sizes and shapes to suit every pocket. Our playground systems are built with engineered strength and lasting durability.

We make playground equipment for kids of all ages; from a toddler up to age 12. When we install playground equipment, we always strongly recommend rubber flooring under the playing equipment. This rubber flooring is highly essential to protect the child in case of fall or slip and is strongly recommended by experts. 'Steelrays' rubber flooring is strong, durable and tough to withstand the harshest of impact. Our protective rubber flooring surfaces are custom-sized to suit the playground equipment, have seamless, non-porous, easy-to-clean, hygienic, and last longer.

## **OPEN GYM**

'Steelrays' is one of the leading manufacturers of open gym equipment. We also supply outdoor fitness equipment, outdoor exercising equipment along with the protective rubber flooring beneath the equipment. Our Open Gym Equipment has been designed for everyone and any age group. We have installed Exercising Equipment in parks, societies, and municipal gardens which are helping people in the building of their muscles and improving balance & co-ordination. We have years of experience and specialization in manufacturing and installing Outdoor Gym into parks and open spaces across India.

## **BENEFITS OF OUTDOOR EXERCISING**

Exercise and physical activities can be done indoors as well as outdoors. But if the weather is pleasant it is advisable to exercise out in open. Research has time and again proven that open gym exercise is always more beneficial to health than that of indoors. Exercising in the open gym installed in parks, and gardens can relieve you of your anxiety and stress and can boost your mood for better.

## **EFFECTIVE USE OF OPEN GYM EQUIPMENT**

'Steelrays' Open Gym Equipment is the best way to encourage people to exercise outside and our equipment is designed to be simple and easy-to-use for people of all ages. Open Gym Equipment is becoming very popular among young people. These fitness machines are multi-purpose which can be shared and used by different people at the same time. That's why many public/private parks are installing outdoor gym equipment to the benefits of locals who use it. There has been an increase in the use of outdoor fitness equipment in school parks, public parks, private parks, and corporate parks pan India.

You may wonder about the use of rubber flooring in a gym but the fact is that a profusely sweating person has a very high risk of slipping and falling. Our rubber flooring is designed to absorb impact and prevent injuries.

'Steelrays' rubber flooring is specially designed and engineered to resist slips during workouts and absorbing impact in case of accidental falls. After all, we care for humans. Our rubber floorings are strong, durable, and tough to withstand the harshest impact. Our rubber flooring is custom-sized to suit the style of your gym and have seamless, non-porous, easy-to-clean, hygienic, and longer-lasting surfaces. Due to high mechanical strength and elasticity, gym users can use it for long hours. We have a vast range of designs and styles to match your gym theme and it's strong enough to withstand the heavyweights of the equipment.

## **RUBBER FLOORING**

'Steelrays' is one of the leading manufacturers of rubber sports flooring for a variety of different sports and facilities pan India. All of our sports flooring options are produced with the athlete's performance in mind. We create rubber flooring surfaces that help athletes maximize their performance to optimum level while giving them a safe surface to minimize the risk of injuries. Our rubber flooring is custom built to suit your test and varies in thickness and sizes according to the type of sports. It is anti-skid and non-slippery to avoid accidents and in case of accidental falls, it absorbs shock and avoids injury.

'Steelrays' strongly recommends the use of rubber flooring under playground equipment and under open gym equipment keeping safety in mind.

To summarize, user's safety and customer satisfaction are our ultimate goals and that helps us innovate and improvise making better products, every time. When you require the exercise equipment, just take the first step and contact us today.
